11.00 AM - 7.30 PM • STIRK PARK, KALAMUNDA

Haynes Street Parade at 5.30pm

ACT*** Being active is important for good mental health. At Zig Zag, we would like to get everyone actively involved in creative activities - making things, up-cycling, envisioning new things, and bringing them to life. Each year the Festival Parade workshops has families making the parade displays. They build and decorate the float, plus their costumes and they make musical instruments to play as they walk in the parade

BELONG*** Being part of a group endeavour is about sharing something that you have created with the help of others. One easy way to stay mentally healthy is to connect with your neighbours and your community. Check out some of the community groups here on Festival day.

COMMIT*** Being COMMITTED to an activity like the Festival Parade project or joining a community group teaches valuable lessons. When you Act-Belong-Commit you benefit in lots of ways: you become healthier, happier, and these improvements last for longer. That's something worth going after!

The story behind the Finale

This year is the 30th Zig Zag Festival, and the 10th Year of Madjital Moorna Choir. These two special anniversaries needed a special event to mark it. That's how this year's Spectacular Finale started.

Heritage - the whole **history of Kalamunda**, from the first peoples - to the present day - in song and dance and music and lights. A children's choir of hundreds of children drawn from schools across Perth will be singing in language, alongside the Madjital Moorna Choir to tell the first people's story of the tracks through the Forest.

The Black Chooks will play the folk tunes from Europe, signalling the arrival of Migrants. Coming from the sea, from Europe and from China, next, A Kappella Munda Choir will recall their songs. They came to the forest and they cut down trees.

Then the trains come: snaking their way up the side of Gooseberry Hill and the Junkadelic Brass Band will take the story forward as trains cart away the timber. The people build their homes in the clearings, planting orchards and grape vines, and their houses become the village we now call Kalamunda – our home in the forest. As for the future, that's for the children to make.
